Re: County Camp Site Corf – Site Works on the SSSI and Request for Assistance

I am writing to you as the Chair of the Corf Committee which is the sub-committee charged by the County Executive to run and administer the County Campsite at Corf.

The purpose of this letter is twofold: Firstly, to set out the position at Corf with regard to the Site of Special Scientific Interest (SSSI) and the Stewardship Agreement which is in place and overseen by Natural England and secondly to ask for volunteer help for work and maintenance at Corf.

Many thanks for your assistance

Yours sincerely

Sam Biles MRICS FAAV
Chair Corf County Campsite Sub-Committee
